## Increased Revenue Shown In Annual Report Of District

### District Conducts Deals In Real Estate During Past Year

**Net earnings of the electric department of the Truckee Public Utility District for 1945 more than doubled the 1944 record, according to figures revealed in the annual report submitted recently after an audit by H. M. Straine.**

**The net earnings for the year, after provision for depreciation of $2,786.83 and before taking in gain on sale of real estate were $3,382.81, as compared with the previous year's $1,618.87, or** an increase of $1,763,94, the report shows.

The net gain on real estate over the original cost and expense of the sale was $4,486.17. This real estate comprised the property now occupied by the Truckee Hilltop Lodge and which was formerly known as the Truckee Winter Sports Park.

**Water Figures**

The results from operation of the two water systems after provision for depreciation were:

| | |
|---|---|
| Net earning, McGlashan System | $2,277.22 |
| Net Loss, Gateway Park System | 225.54 |
| Net earnings for year | $2,051.68 |

The bonded indebtedness of the district was reduced $1,000 as of December 31, and the balance of the debt paid off during January, leaving the district debt free.

Cash received in the electric department totaled $31,601.42 during the year and with the balance on hand of $5,681.32 this brought the total to $37,282.74. After deducting all expenses there was a cash balance in the electric department the first of teh year of $7,403.32.

**The Expenses**

The largest expense for the year was the purchase of power. This item totaled $11,910.40. The next largest expense incurred was the salary of the manager which was $3,490. Other salaries brought the total for this item up to $3,910.

Other disbursements included deposits on the former Pacific Fruit Company land west of Truckee in the amount of $5,049.57; cash advance to the water department of $1,256.99; purchase of savings bond, $1,000; community contributions and expansion program, $680.

The operating expense for the McGlashan water system totaled $2,204.64 while the revenue was $4,735.35, a net gain of $2,530.71. At Gateway the net loss was $225.54, the principal expense being for power which cost $330.49 and repairs and replacements which totaled $228.01.

**No Printed Report**

The usual complete report will not be issued to the residents of the district this year but they can scan it at the district's office. The manager, C. Edmunds said that the expense of having them printed is unnecessary.

Both the electric and water facilities have been allowed to depreciate during the war because of lack of materials and labor, but plans are being made for improvements and replacements as soon as possible. These plans include a 50,000 gallon redwood water storage tank for Gateway Park area, replacing the present pump-pressure system.

## Railroad Worker Fined For Public Drunkeness

Julian Morgana, 64, who was arrested this week by a state patrolman on a charge of being drunk of a public highway, paid a fine of $15 when he appeared before Justice of the Peace C. E. Smith Monday afternoon. Morgana was arrested near Cisco. He was employed by the Southern Pacific Company.

## Wyethia Breakfast Meet Is Scheduled Next Week

The Wyethia Women's Club will not meet this afternoon as scheduled. A breakfast meeting will be held on next Thursday, May 9, with Mrs Elden Tonini as chairman of the annual event.

## Pre-School Kiddies Will Be Feted at School Affair

Pre-school age children who will enter the school this fall are being invited to attend a party to be given at the grammar school on the afternoon of May 10, under the direction of Mrs. John Rablin. The children of the first and second grades are also invited to meet the younger children and will take part in the program.

## Honeybunch Cafe at Lake Is Opened for 1946 Season

The ever popular Honeybunch Cafe at Tahoe City opened for the summer season yesterday with Mrs. Rose Boyiaredes in charge. It is the practice of the manager to open the cafe the first day of May each year to cater to the first influx of vacationists to the great resort region.

## Bradshaw Again Heads Sportsmen As Election Held

### Accomplishments, Program Are Reviewed At Club Election

A. G. Bradshaw was reelected president of the Truckee Outdoor Sportsmen at the meeting held Saturday night in the New California Cafe attended by more than 50 members of the organization.

Other officers elected included H. I. Snider, vice president; R. N. Little, secretary-treasurer.

The direectors selected by ballot from a list of six candidates were N. S. McCrary, Ralph Graham, Roy Waters and Oscar Schumacher. The hold over directors are Ernest Gross, E. C. McReynolds and B. J. Riordan.

During the meeting President Bradshaw outlined in brief the accomplishments of the club since its inception in February, 1945, including the rearing of trout, supporting beneficial legislation and action by the fish and game commission, planting of beaver colonies and other projects designed to aid fishing and hunting in this district.

Little gave a satisfactory financial report and called the attention of the members to the fact tha while there were 500 members during last year, it is hoped to increase this number during the current year. The financial report showed that despite the low membership fee of only $1 a year, the club is financially sound and has no outstanding indebtedness.

Following the business meeting in which D. E. Kessler, president of the San Francisco Flycasting Club, pledged support of his organization to local projects designed to assist sportsmen, three films of motion pictures were shown and refreshments were served in the dining room through the courtesy of Mr. and Mrs. A. B. Polyanich, owners of the New California.

Incidentlly, the cafe's new cocktail lounge under the capable management of Keith Weeden, was opened for the first time at the meeting and will remain in operation.

## NEW CALIFORNIA OPENS IN WEEK UNDER POLYANICH

The new California Cafe and Cocktail Lounge was opened at six o'clock Tuesday evening, inaugurating what the owners, Mr. and Mrs. A. B. Polyanich plan to be one of the leading restaurants of the region.

While the new fixtures have not all arrived, the owners felt that the establishment is equipped fully enough to permit uninterrupted service and they wanted the restaurant to open with Truckee's annual big event —the opening of the trout fishing season.

The big cafe, closed at the start of the war by the former owner, A. Filipcic of Sacramento, has been completely renovated and redecorated throughout. The kitchen has been equipped with new appointments, including a large steam table, rebuilt ice boxes and other facilities. The huge dining room has been repainted and new floor coverings installed as well as new tables, counters and other dining room needs.

The lounge has been remodeled and decorated in good taste. The banquet room, which was occupied for the first time Saturday night by the Truckee Outdoor Sportsmen, has also been completely redecorated.

"It is our desire to give this region the best restaurant possible and it will be our aim to provide a consistently good menu. We invite our former patrons and new ones to visit us," the Polyanichs said.

## Lions Hear International Officer, See Sport Film

Thirty four members of the Lions Club last night enjoyed the talk of Reg Harris, secretary of District 4, Lions International, and the motion pictures shown by Charles Brunk, program chairman. The pictures were thrills and spills of winter sports and a colored film of the Texaco pipe line in the south.

Harris talked on Lionism and told how District 4 has grown from 9,000 to 15,000 in the past four years. Bill Pettis, president of the Reno club; George Hamilton, secretary of the Reno club and Bert Acrea of that club and Ray Smith, incoming president of District 4N were out of town guests and Bob Gifford of Truckee was also a guest. C. B. White presided.

## Soda Springs Services To End Next Sunday

Sunday, May 5, will mark the last time this season that Catholic services will be held at Soda Springs. Mass will be at Beacon Hill Lodge at eight o'clock in the morning, with Mass in Truckee at 9:30. Beginning the following Sunday, May 12, the Truckee rites will be at 8:00 AM, according to Rev. A. J. Dosch.

**New Home—**

Mr. and Mrs. H. B. Fowler expect to move into their new home in Gateway Park this week.

## Anglers Divide Honors In First Day Of Season

### Better Than Usual Luck For Lake Anglers Reported

Top honors this year in the opening of the trout fishing season on the Truckee River were divided between three top-ranking anglers, Dave Cabona, Nat Quilici and Frank Giovannoni, all of whom caught early morning limits.

Quilici was the first back with seven rainbows weighing over ten pounds, caught in the vicinity between Boca and Floriston. He reached home before 7 a.m.

A few minutes late Giovannoni reported with a weight limit of nine rainbows.

Dave Cabona, veteran Truckee River fishermen who hasn't missed an opening day for more than 40 years, brought back a limit from the river near Boca, reporting in at 8:30 o'clock.

While the average fisherman reported only fair returns for his effort, those who are familiar with the stream and lakes that opened yesterday said the fishing was better than they expected.

The only open water is the Truckee River, Boca Reservoir, Lake Tahoe and Donner, their tributaries remaining closed until May 30 when another opening day is anticipated.

Despite earlier threats of a storm the weather was ideal for the opener and hundreds of fishermen with scores of cars and boats invaded the region to participate in the sport.

Bait was favored by most of the anglers, with grub and angle worms predominating as the choice of most. A few with flies tried but the high and muddy water of the river caused by the heavy snow runoff and the opening of the gates at Lake Tahoe made fly casting a discouraging sport.

The fishing is expected to improve as the season develops and the high water recedes.

**TAHOE GOOD**

**TAHOE CITY— Anglers who selected Lake Tahoe for the opening day reported better than avergae luck and a large number of limits were taken before the day ended.**

**Carl Bechdolt, Jr., was among those who hooked limits. He was fishing with E. L. and Walter Loynd and the latter brought in three large mackinaw. Bob Fowler and Doc Hansen of Truckee caught four that averaged more than four pounds each.**

**Deep trolling with minnows brought the best results at Tahoe and those with boats and motors enjoyed a pleasant day and most of them had good luck.**

## Legion Official to Install At Post Here Tuesday

Lee Sonnenberg, sixth district vice commander of the Amercan Legion, of Downieville will conduct the installation of officers at Truckee Post No. 439 on Tuesday night. Also on the agenda will be initiation of new members.

Daryl Gaiennie will succeed Frank Kinne as commander of the local post. Other new officers will be Frank L. Titus, first vice commander; Leroy Wilson, second vice commander; Douglas Barrett, adjutant; Roy Waters, chaplain; Milton Shontz, sergeant at arms; James McIver, historian and E. A. Parker, service officer. Heslin Cardinal will serve another year as custodian.

## New Depot, Increased Service by Greyhound

In a move to increase its service to the traveling public, Pacific Greyhound lines has moved its Truckee office and depot from the J. L. Lewis Store to the New California Cafe which will be kept open night and day. This announcement was made yesterday by B. W. Coldewey, district passenger agent for the company, who was here making the change which went into effect yesterday morning.

Coldewey also announced that a new bus schedule went into effect yesterday on which there will be 11 busses each way daily instead of the present nine. Details will be announced next week, he said.

**Celebrate Anniversary—**

Mr. and Mrs. William Gautsche observed their 15th wedding anniversary on Friday, April 26.

## .:Sun:. Beams

By WALTER M. BARRETT

It was pleasing to the sportsmen and businessmen of Truckee when members of the Truckee Outdoor Sportsmen Saturday night reelected the old officers for the coming year. The organization has a number of important projects planned for the promotion of better fishing and hunting conditions through the Sierra region and these officers have proven their ability to make progress. Now with the proper support from the membership and others interested in the development of better outdoor sports the go ahead signal is lined up for the biggest year Truckee has ever had in bringing back old time fishing and hunting conditions.

In the spirit of fair play and clean competition which can and should be practiced in politics as well as other everyday American pursuits, we all distinctly dislike deliberate untruths designed to damage the campaign of any candidate, whether we are for or against him. Fortunately these misrepresentations usually fail in their purpose, particularly in a small community where we are all neighbors and well acquainted with each other. It is seldom the opposing candidate who starts or circulates these stories but some well meaning friend who, through ignorance or stupidity, imagines that he is lending support to his choice of the office but who actually is doing him harm. The average American voter likes a good political scrap, but they like it clean and unmarked by falsehoods so if we can't stick to the facts, let's not say anything at all.

## LOCAL WOMAN DIES AFTER OPERATION IN RENO HOSPITAL

Mrs. Gertrude Paulsen, 40, wife of Kermit Paulsen who operates the service station at Truckee Resort, died in a Reno hospital Tuesday night at 11:30 o'clock following an operation performed that morning. She had not been in good health for some time.

**Mrs. Paulsen came here from her native state of Minnesota in 1942. During the time her husband was overseas with the armed forces, she lived in Los Angeles where a daughter survives. Paulsen was discharged from the army in September and the couple had resided here for the past four months.**

Funeral services are pending.

## LAKE WOMEN'S CLUB ENTERTAINS LOCAL CLUB ON MAY DAY

TAHOE CITY— Over 25 members of the Wyethia Women's Club of Truckee were guests of the Tahoe Women's Club at a May Day luncheon and card party yesterday. The affair was held at the Community Center with Mrs. Ila Martin and her commitee doing an outstanding job with one of the lovelies parties ever held at the lake. There were reservations for 65. The tables were tastfully decorated with spring flowers and a delicious luncheon was served.

A business meeting of the Tahoe club has been called by President Eleanor Swanson for Thursday, May 9, at 1:30 PM at which time plans for the ambulance drive will be discussed in detail. All members are urged to be present.

## Local Women Sustain Fractures In Mishaps

Two local women received broken limbs within the past week when they accidentally fell.

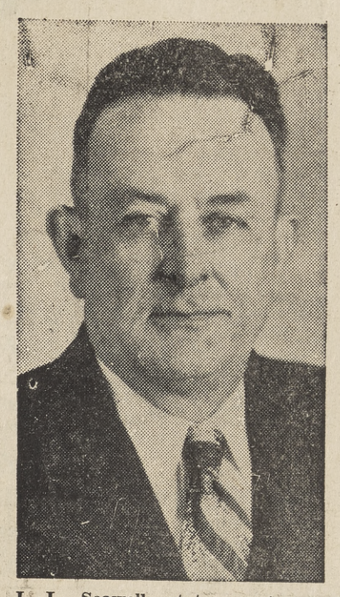
Mrs. S. Marshall Richardson is in an Auburn hospital being treated for a broken hip. The accident occured last week while she was visiting in Auburn. Her daughter, Mrs. Florence Sheffield, is with her.

Mrs. Mary Zunino had the misfortune to fall at her beauty shop on Monday, breaking her left wrist. A vacuum cleaner left in a dimly lighted hall caused Mrs. Zunino to trip and her left hand caught the force of the fall.

**BACK AT LAKE**

Mrs. Helga Olander of Oakland has arrived at her Forest Inn resort and will prepare the popular eating establishment for opening about June 1. She has spent the winter in Oakland with her family, but is looking forward to a busy season at the lake.

## Seawell Visits



**J. L. Seawell, state senator and candidate for the state board of equalization at the forthcoming primary election, was visiting in this district briefly Wednesday. He reports that prospects throughout the district which he hopes to represent on the equalization board are bright for his election.**

## FISHING HIGHLIGHTS

Robert Seibold really "enjoyed" fisherman's luck yesterday morning. While fishing in the river, he lost his footing, fell and was washed a distance of 20 or more feet down the swift stream before ne was washed to shore. Wearing waders made the experience pretty rugged. Bob hurt one of his arms when he struck a large submerged rock.

**Another local nimrod, Roxie Archie, had a ducking in the river but suffered no ill effects.**

Jack Thornton, on leave from the Navy, may not have done much good himself on opening day, but he went to the aid of Dave Cabona who had snagged a four pounder near Boca. Had it not been for the aid of Jack and his net, Dave's limit might not have graced the window of Cabona's to be admired by scores of wistful anglers.

**Charlie Cozzalio got a couple of nice ones. We wonder if he used the new worms Gene Ilardi supplied.**

As usual, the two local schools recessed for the opening day while faculties and students joined in the fun.

**Boca Reservoir didn't pan out good this year. Lots of fishermen went to that location but few reported catches.**

Warden Bill LaMarr spent a busy day along the streams and lakes but was unrewarded for his vigilance. No one was apprehended violating.

**New we look forward to another opening day when the tributaries will be opened May 30.**

## Boys and Girls Week Is Observed at Rotary Club

A Boys and Girls Week program was presented at the Rotary Club on Monday night. Mrs. J. R. Wolert presented a program featuring local school children and two Tahoe Girl Scouts were guests, describing their work in brief talks. Art Couillard presided and Charles Cross was the program chairman.

It was announced that the Rotary District 105 Assembly will be held at Tahoe Tavern June 27-28, with the local club as host. Cross was named general chairman with the following on the convention committee: Tom Buell, transportation; Ernest Pomin, publicity; Theodore Schleuter, registration; Bill Boorman, meal provision; Bud Horak, entertainment. Tate Williams of Reno will be asked to serve as secretary for the meeting.

Guests at Monday's session were R. V. Conrad of Nevada City, Gene Woods and Ernie Nordstrom of Soda Springs.

## Alf Engen Tops Field at Silver Belt Trophy Race

NORDEN— Alf Engen of Sun Valley won the men's silver belt ski trophy at Sugar Bowl Sunday, taking the tricky 32 gate course in 1:22.2 minutes to defeat 44 of the nation's experts. The winner of the women's division was Miss Rhoda Wurtele of Montreal, Canada, who was timed at 1:45.3.

Only casualty was Gaby Pleau of Canada who fractured her leg just as she crossed the finish line, placing sixth in the field of 15 women.

## High School Play Will Be Offered On Friday Night

### Collegiate Theme Featured In Comedy Presented By Students

The Meadow Lake Union High School will be represented in a school play entitled "You're Young Only Twice". This play will be presented on the evening of Friday, May 3, at 8:00 PM in the Truckee Grammar School Auditorium.

The cast includes Gertrude Smith, Joan Pabst, Dorothy Parkhurst, John Rablin, Austina Blattler, Kenneth Snider, Betty Parkhurst, Lois Farrar, Benita Mellon, Humbert Ciardella, Philip Ladd, Eugene Gini, Yolanda Giovannoni, Alice Waters and Harvey Hocker.

Mancel Justice, who has directed the play, selected it because of its suitability to high school students. The setting is a middle western college campus and the situations are hilarious.

The play went into rehearsal on March 22 and has held the cast in hair-tearing labor for five weeks.

Ben Miyoaka and Crystal Anderson are in charge of properties. Austina Blattler is in charge of ticket sales and will be aided by the cast and students. The cast will be prompted by Ruth Maeda. Jay Rablin and Clarence Dunkelbarger are in charge of publicity. They will be assisted by Benita Mellon, Joan Pabst and Dorothy Parkhurst.

Against the authentic background of college life, the author of this play brings to life a group of gay, irresponsible young people and shows the ridiculous complications that follow in their attempt to prove the importance of the rising generation.

The action occurs in the parlor of a soroity house at State University.

This play is sparkling and funny from beginning to end and because of its background and preponderance of 'teen age characters, it is ideally suited for performance by young people.

## LITTLE PROTESTS AGAINST STORIES HE DECLINES JOB

**"I am seeking the office of justice of the peace of Meadow Lake Township and if elected will do my utmost to serve the voters and taxpayers of this district to the best of my ability."**

**This statement was made by R. N. Little, candidate for justice of the peace, in a effort to quiet rumors that he does not want the office for which he filed and will not serve if elected.**

"This rumor is untrue," Little declared. "While it will be impossible for me to conduct an active campaign because of the fact that we are just starting our insurance and real estate business in Truckee, I would like to have it definitelty known that I have never indicated since announcing my candidacy that I do not seek the office.

"To the contrary, I not only seek the post but will greatly and sincerely appreciate any support given me and if chosen justice of the peace of this township promise to fulfill the duties assigned me to the best of my ability. I do not know why a story is being circulated which is purposely damaging my campaign but I can only reiterate my original announcement that I do want to be elected."

## Resort Owner Shoots At Midnight Prowler, Misses

Constable N. F. Dolley and state patrolmen are investigating the attempted robbery of the Hirschdale Resort, seven miles east of Truckee Monday morning about one o'clock.

Jesse Stricklin, proprietor of the resort, said he was awakened after midnight by one of the occupants of a cabin nearby, who said that a man was attempting to enter the room. Stricklin ran out and saw the fleeing form of the prowler dash around the corner of the building. He took three shots at the running man but none are believed to have taken effect.

A car was found a quarter of a mile away, but a check by the state patrol revealed that this vehicle evidently was not involved in the attempted robbery.

Dolley said that he is working on clues, but that it becomes apparent that the fellow made good his get away as he was not called until some time after the shooting.

## SEAWELL BACKED BY RAIL UNIONS IN BOARD RACE

ROSEVILLE— Three leading railroad brotherhoods of California recently endorsed the candidacy of State Senator Jerrold L. Seawell of Roseville for the State Board of Equalization, third district.

Seawell is a former locomotive engineer himself. He was at the throttle of many a Southern Pacific train over the famed "hump" between his home town of Roseville and Reno and up the Sacramento valley.

Harry See, state representative of the Brotherhood of Railroad Trainmen, announced that the executive committee of the legislative board of his brotherhood unanimously endorsed Seawell.

The 19th biennial session of the state legislative board of the Brotherhood of Locomotive Engineers, meeting in San Francisco, unanimously endorsed the Roseville legislator, W. W. Stevens, board chairman, announced.

And the third unanimous endorsement was received from the state legislative board of the Brotherhood of Locomotive Firemen and Enginemen. Gordon F. Irvine, board chairman, wrote: "All members of this organization in California will be notified of this action."

Seawell has long been interested in and sponsored legislation benefitting railroad workers.

## Election Year Jitters

## DOWNIEVILLE MAY TURN INTO CITY OF SIXTH CLASS

DOWNIEVILLE— Consideration of the formation of a sanitary district and also incorporation of Downieville into a city of the sixth class is proproposed by Sierra County Board of Supervisors, which has issued a notice calling for a public meeting for that purpose at the courthouse here Wednesday evening, May 1, at 8 o'clock.

Recent difficulties in connection with garbage disposal, emptying of raw sewage into the river, inadequate water supply, muddy domestic water; all are among problems confronting Downieville, accumulation of which, with lack of cure, have been items suggesting the meeting. These and other problems are primarily community, rather than county affairs. Acceptance of their administration and execution by the residents of this community might well be expected to bring more satisfactory results than if continued to be left to the naturally less interested county government. Progressive and ambitious local citizens who have deplored such conditions and their lack of authority to improve, would have the opportunity under incorporation, of correcting many of these conditions.

Downieville already has a lighting district and a fire district, with special taxes assessed for each. These could be combined with others under incorporation. Coupled with these, the community is now faced with the need for a sanitary district, whereby threat of infantile paralysis through raw sewage discharged into the river and other afflictions prompted by lack of cleanliness and sanitation, can be minimized.

If incorporated, Downieville would share in the alcoholic, gas, and in lieu taxes collected by the state and now reapportioned back to counties, the cities therein receiving their share which otherwise goes to the county. The in lieu tax is that now collected by the state on automobiles, which formerly was assessed by the county in personal property taxes.

There appear to be many advantages to incorporation, and perhaps some disadvantages. It might be summed up, in consideration of the fact that it must be generally advantageous—evidence, the overrwhelming majority of communities that incorporate, and remain in that status.

The supervisors are presenting an opportunity for those who have complained about local conditions to consider local self-government. Those with intestinal fortitude and constructive ideas and ability now have the matter squarely before them.

Will the issue be faced, or will they "pass the buck", as some charge others have done in administration of local affairs?.—Mountain Messenger.

## Gibson Lines Expand Service In This Week

On Wednesday, May 1, Gibson Lines, a pioneer transportation system, began an augmented operation throughout all of northern California bringing to this section a bigger and more comprehensive transportation service than it has ever before enjoyed.

On this date, service became available from all points on its lines to and from San Francisco and Oakland from Chico south, as well as that territory between Roseville, Auburn, Colfax Truckee and Reno. Not only will this latter territory enjoy service to the bay area, but it will also be brought service to all other points on Gibson Lines.

Incidentally, a new operation between Fairfield and Suisun and Lodi and Stocktin via Terminous went into effect the same date.

## Sane Men

By GEORGE S. BENSON
President of Harding College
Searcy, Arkansas

Looking Ahead

EARLY in March, national press wires carried a story about 16 members of Congress who said they thought the national budget should and could be balanced. They made it plain by signing a written statement. They were half-and-half senators and representatives. Seven were democrats and nine were republicans. Their names:

| SENATE | HOUSE |
|---|---|
| Byrd | Cox |
| Bridges | Doughton |
| Taft | Halleck |
| Tydings | Knutson |
| Vandenberg | Martin |
| Walsh | Taber |
| Wherry | Whittington |
| White | Woodruff |

My hat is off to these realistic statesmen. I hope their ranks soon embrace the entire Congress.

**Huge Debt**

OUR next chance to have a balanced budget will be in the fiscal year of 1947. It starts next July 1, and ends June 30, 1947. The United States is already in debt for 280 billion dollars — everything it has. This does *not* mean all the country is worth, but it *does* mean everything the people of this nation have saved since 1776.

The United States today is like some pioneer settler of colonial days whose log cabin might have burned with everything of food and clothing inside. The energetic young head of a family of four who has just finished paying for an $8,000 home can depend on starting now to buy it all over again in taxes, paying no more than his rightful share.

**Fresh Start**

TAX on this enormous debt of $2,000 per man, woman and child, will be a new, yearly expense for our government. Interest on it will cost Uncle Sam more than he ever raised by taxes in any single prewar year. If ever America's common people deserved a balanced budget so they could look frankly and boldly at the truth of debts and taxes, it is now.

There are ways to start balancing the national budget and the sooner it starts the better. The war is over and war bureaus can be reduced in size and cost. The number of federal employees can be cut more than most of us imagine. Spending what we do not have can be stopped also if we really set our heads to do it. By doing this we can save what we do have left.

With all savings gone, we have something left. The settler whose cabin burned had his energy and his good name left. The home owner who must start now buying all over again in taxes, still has his credit and a job we hope. Just so the United States, with prestige among nations and a sound economic system has something left; something of value that must be preserved.

## Heliocopter Mail

LOS ANGELES— Heliocopter mail service for California communities was seen as a possibility for the near future as Acting Postmaster Gael Sullivan, during a hurried visit here, made preliminary arrangements for the start of such a service on an experimental basis this summer.

This city was picked, he pointed out, because of its geographical location and the fact that its very modern post office is efficiently operated. Five lines, radiating from Los Angeles as a hub will serve communities within a 30 mile radius under the experimental plan, according to Sullivan.

## North Tahoe Mothers Seek Nurse's Service

NORTH TAHOE— The Kings Beach Mothers' Club held their monthly meeting on Thursday evening, April 25, at the Kings Beach Elementary School. Mrs. J. J. Mandeville presided and Mrs. John Gallerani acted as secretary due to the absence of Mrs. Mulford Miles.

Secret Pals were picked for the many new members.

It was suggested that a county nurse should be secured to come to the school at least every six months for a physical check of the children.

The club now boasts 27 members and is anxious to have many more

Hostesses of the evening were Mrs J. J. Mandeville and Mrs. Vera Fisher.

**NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES**

April 23, 1946

To Whom It May Concern:

Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Tahoe Vista Hotel Dining Room, S-S Hwy. 89, 8 Mi. E. of Tahoe City.

Pursuant to such intention the undersigned is applying to the the State Board of Equalization for issuance by transfer / on original application of an alcoholic beverage license (or licenses) for these premises as follows:

On Sale Beer and Wine

Anyone desiring to protest the issuance of such license (s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for sale of alcoholic beverages.

V. T. Frazier

## Tahoe Girl Scouts Ready Cabin for Season Activity

TAHOE CITY— Members of the Tahoe branch of the Girl Scouts on Thursday last pitched in and cleaned up their scout hut in Tahoe City for summer occupancy, and are now preparing a full program for the season's activities. The Misses Roxie Ross and Collette Morhain were hostesses after the day's work and served eskimo pies and cookies for refreshments.

On Monday night two of the Girl Scouts, Miss Myra Lee Pollitt and Miss Betty Joy Boorman, were guests of the Truckee Rotary Club, who extended the invitation in honor of Boys and Girls Week being observed by the Rotary. Selection of the two girls so honored was made by secret ballot. They wore their scout uniforms and gave a brief talk on scouting when introduced.

## Constable Johanson Will Conduct First Aid Class

NORTH TAHOE— Constable Harry Johanson of Tahoe City will organize a first aid class in the North Tahoe area beginning the first part of next week. Twenty-five persons will constitute a class, with meetings being held at the Kings Beach Elementary School on Monday and Thursday from 7 to 9 PM. Those interested should contact Mrs. John Gallerani at Kings Beach, telephone Brockway 130.

## Carpenters' Auxiliary

TAHOE CITY— Mrs. Walter Mandeville of Lake Forest last week was elected the first president of the Carpenters' Union Auxiliary formed at a meeting in Carpenters' Hall at Kings Beach. Meetings will be held all summer on every second Tuesday of the month. All wives of union carpenters are eligible to join.

**GOVERNOR GENERAL . . . Field Marshal Viscount Alexander, new governor general of Canada, shown on steps of the Peace tower, Ottawa, after his installation in the senate chamber.**

## TAHOE BRIEFS

by SWANEE

Mrs. Caroline Waterman and son Val of Santa Cruz have purchased the William Bechdolt cottage at Lake Forest. The latter is just back from service overseas and will operate the Pullman Diner at Tahoe City wye this summer.

The Al Henrys have started the erection of their new home on the lot adjoining the Tahoe City Garage of the A. M. Henrys to the south. Al is planning on assisting with the building, which will be 20x36 feet and contain a large living room, kitchen bath, dinette and porches.

Mr. and Mrs. Eli Frankovitch of Reno are among those enjoying vacations at their Lake Forest homes. Others from Reno include the Fred Whitbys, and two grandchildren, the Samdahls and the George Robinsons and Harry Evilsisers of Fallon. Mrs. Robinson is staying on at Simmonds Campgrounds while her husband returns during the week to work in Reno. Mrs. Lizzie Schmitt of Reno was a recent visitor at Lake Forest where she inspected her property interests.

The level of the lake on Monday morning stood at 6228.08 with 251 CSF of water pouring down the turbulent Truckee. Snow on the ground at Tahoe City measures 6 inches, with areas south of town still boasting some pretty high snowbanks and drifts. Coldest day of the week was on the 28th with 24 degrees and warmest was on the 20th with 68.

Mr. and Mrs. Theodore Schleuter of Tahoe Park on Sunday were hosts at a dinner party honoring Earl Frazier, district sales manager of Heinz Company in Oakland, his wife, and Mr. and Mrs. Harold Almond and children, Harold and Carolyn, of Tahoe Park. The Fraziers spent several days vacationing at Schleuter's

Mr. and Mrs. D. M. Brodehl of Tahoe City returned Friday from a week's visit in Stockton and Lodi where they visited at the home of their son and family, Mr. and Mrs. Ewald Brodehl. The Brodehls are spending much of their time these days in court fighting condemnation proceeding on their property near Lodi. The stae wants 60 feet of their front yard, which would include the house and portion of a valuable vineyard, in order to make room for a new four lane highway to run from Sacramento to Los Angeles.

Mr. and Mrs. William Boorman of Tahoe City will be leaving Tahoe around May 10 to serve as attendants at the marriage of their friend, Miss Inez Hanson, who recently was their guest here. Mrs. Boorman will act as matron of honr for Miss Hanson who will marry John King of Nandon, N. D., as soon as he arrives in Oakland. It will be a double wedding with another friend of the Boormans, Katherine Coyle, to marry an Oakland man at the same time.

Fred Setley of the Tahoe City Fish Hatchery was taken ill Friday night and is now resting for a month at an Auburn sanitorium.

The largest windmill ever built with a capacity of 40,000 gallons an hour, stands at the west end of San Francisco's Golden Gate Park.

Canada has the two longest railroads in North America, from the Atlantic to the Pacific.

# North Tahoe News . . .

by MADELINE C \ LLERANI

Mrs. Mildred Tacchino of Reno, along with several friends, visited in Kings Beach.

Harvey McClosky of Reno is now residing at Tahoe Vista and is employed by Fields and Lauthern, local building contractors.

Mr. and Mrs. Ed Starr of Tahoe Vista returned on Wednesday from a week's visit in Vallejo.

Ralph Leighton, brother of Mrs Robert Eddy of Kings Beach, returned to Lulbock, Texas, on a short visit.

Mr. and Mrs. Harry Brown and children of Fallon are now residing in Kings Beach.

Mr. and Mrs. Cecil G. Day, proprietors of Lakepoint Bungalows in Kings Beach, arriver here after four months in Oakland.

Ray Zietz of Sugar Bowl is now residing in Kings Beach.

Mr. and Mrs. George Lukas of Roseville are at their Kings Beach home.

Barney Gaffney of Stockton was a recent houseguest of Robert Munsor at Crystal Bay.

Bill Peterson of Tahoe Vista left last Tuesday for Salt Lake City where he joined the Navy. Peterson attended the Kings Beach Elementary School and Tahoe branch of Placer Union High School. When not in school, he was employed by R. H. Welch, local plumber.

Mrs. Thomas Doherty and infant daughter of Reno are awaiting the completion of their home in Kings Beach before moving here.

Mrs. Sara Ernst, teacher at the Kings Beach Elementary School, fell Sunday afternoon in the yard of a friend she was visiting sustaining painful bruises on her left side, making it necessary for hre to be taken to a Reno hospital where she was thoroughly checked and then allowed to return home. Doctors advised staying in bed for a few days.

Mr. and Mrs. Fred Baker and Harvey McCloskey of Tahoe Vista motored to Fallon on a fishing trip. Baker, one of the best fishermen of the North Tahoe area, caught the limit in bass.

Mrs. Vernon Phillipy of Kings Beach was on the sick list last week.

Mr. and Mrs. Thomas Kyncy of Kings Beach have moved into their new home on the Truckee Cutoff.

May's Cottages in Kings Beach are open for the summer.

Mr. and Mrs. T. Sadlier of Reno were Sunday visitors in Tahoe Vista

Mrs. W. T. Mooney, Tahoe Vista resident, left for a ten day visit in Pasadena.

## TAHOE LETTER
### To The Servicemen
**From SWANEE**

Tahoe City, California.
April 28th, 1946

Dear Tahoeites:—

Another glorious Sunday draws to a close as summer weather appears to have arrived to stay for a while. Things are moving swiftly including the banks of snow, most of which are sinking right down into the hungry earth. Made my weekly trip to Reno on Saturday and was thrilled to find midway between Truckee and Reno that yellow wyethia and pale lavender squaw carpet have covered the hillsides with their beauty, and wild pink heather added its flowerding clusters to the fresh green of spring all the way from Floriston on to Reno. That city is now aglow with every fruit tree abloom and lovely white and purple lilacs about to herald the departure of winter for good.

In our own yard at Tahoe the daffodils and china lilacs are just about to blossom and peonies and other hardy perennials are popping through the ground so fast one can almost see them grow. This should be a grand season for flowers and I for one never cease to marvel at the speed Mother Nature exhibits in producing the lovely gardens which surround our Tahoe paradise.

Entertained our neighbors, Mrs Helga Olander and son Carl of Forest Inn for dinner tonight, and enjoyed some lively bridge later in the evening. They are busy cleaning and preparing for the opening of their popular restaurant early in June. Mrs Olander's youngest son has been at past year, having been accepted for tending college in Colorado for the the navy pilot's training shortly after his 18th birthday. She tells me he may soon be released as they will disocntinue that particular project but he will be eligible for three more years of college at government expense.

Was greatly disappointed on Saturday night upon returning home from Reno to find I had missed guests from Auburn who had stopped in earlier in the day and left armfuls of the most beautiful flowers which filled the whole top of my dining room table. My guests were Mr. and Mrs. Art Sather of Auburn, their daughters, Nancy and Mabel, and Mrs. Ed Sather, up for the day for a visit at their alkeshore summer home at Homewood. They enpoyed dinner that night at Soda Springs Hotel where Eddie is now working.

Was sorry last week, too, to learn of the illness of Bob Watson, who had to be rushed to a Placerville hospital when he was stricken suddenly while working. Mrs. Stella Watson left Tahoe on Thursday to be with him, and hoped to bring him back to their Clarksville home by Friday if he was sufficiently recovered. Al Henry is drving the school bus during her absence. She hoped to return sometime this week to the lake.

The many friends of Bert Watson will be glad to hear that he is much improved since receiving the expert services of Dr. C. B. Pedersen whil will again serve as resident physician at Tahoe Tavern this summer.

The Stanley Martins received sad news on Saturday when they learned of the death of Stan's uncle, William Farrell, who died at Yerington following a lengthy illness. He leaves a wife and ong list of relatives to assist in completing plans for the funeral.

Norman Dewhurst, former radio technician with the navy at Treasure Island and husband of the former Mary Jane Soll, is now out of service but still attending school, completing his education as an instructor. The pair motored up to the Tahoe Pines home of the Henry Solls Thursday of last week and remained to vacation until Sunday night. They are making their home in Berkeley.

Had a most agreeable surprise on Wednesday last when unexpected visitors walked in. They were Mrs. Van Nessa Prusso, her newest granddaughter, Judith, and Judith's mother, Mrs. Sherwood Prusso. With Ray Prusso they had all arrived at the lake from Long Beach on Monday and. Mrs. Prusso planned to remain until Thursday before taking off for home again. Little Judy is an adorable little miss and a husky, weighing already past 10 pounds although only very recently arrived. She was dressed adorably in blue and I thought her resemblance to her dad most striking.

Had the rare good pleasure of a visit of several days last week from our old friendd Eric Druhn, who shortly before Christmas returned from a long strech of duty in the south Pacific. He came back home minus a lot of weight but at this writing has gained it all back with some to spare. He and his wife Lee are looking forward with real anticipation to summer at Tahoe.

Received a right nice letter from my old friend Henry Droste last week who told us one little item of interest in the sale of Tahoe Tavern. It was that the Tahoe Realty Company was the agent for the Tavern deal, with negotiations handled by Droste. Also he and Mrs. Droste were delighted to have their daughter Carol return from service with the American Red Cross overseas on April 20, just in time for Easter. To round out their good luck their eldest daughter, Mrs. Robert H. Walker on April 18 made them grandparents for the third time, the newest member of the family being a little girl. Mother and baby are doing excellently. Incidentally, neglected to report that Carol brought along an interesting souvenir from overseas, a huge St. Bernard dog from southern Bavaria. I'm promised a ride when he's harness broken but he hasn't been consulted yet! Droste hopes to arrive for the summer on or about May 15 and reports that inquiries pouring into the Tahoe Realty for hotel, cottage and camp accomodations for this summer are the heaviest of any year to date. He predicts traffic at Tahoe will be extremely heavy and all resorts and other businesses in the area will be taxed to fullest capacity.

Mr. and Mrs. F. A. Kilner, who wintered in Laguna Beach, plan to arrive for the season around May 1. They are looking forward to a summer of feverish activity with some extremely interesting developments in Tahoe real estate.

Have had some of the lovliest letters from son Jimmie in the past week. The more he gets acquainted with Weisbaden, Germany, the more interesting it gets. Strangely enough, I discovered two things last week. One was that Mrs. Eric Druhn was born in Weisbaden and the other that Adolph Mueller, formerly of the Tahoma district, still calls Weisbaden his home town. Many of his relatives and friends live there and he holds property interests in the town still.

Jim describes it as a very beautiful place right now, being transformed by spring. The park surrounding the opera house and Eagle Club boasts a large pond with a fountain spraying water from its center, weeping willow at either end and white swans and ducks lazing along its cool surface. He's promised to take some pictures to send home, and I've sent a bunch of films along last week. He's been seeing some swell movies lately and lists entertainment as especially plentiful, with the opera house, five movies, RC Eagle Club, the cafes under army supervision where the boys can get beer and listen to an orchestra, the I&E section where college preparatory books may be secured, conducted tours and furloughs, lots of free time, and a Red Cross building that's super de luxe, covering every type of entertainment, including stage shows, concerts, free coffee and doughnuts. But the GIs, homesick and lonely, still crave letters from home.

Jim hears frequently from Bernice Rechenmacher of Auburn, well known at Tahoe, who is climbing rapidly in national limelight. After studying ballet dancing for several years in New York, she is now entering the troupe of the Ballet Russe, second largest group of its kind in the world today. My last letter from Jim contained a priceless souvenir, teh Nazi party emblem, the first I've ever seen.

I finish this on Monday morning as a grand bit of news has just come my way. It's the prospect of an ambulance for Tahoe, our main project for the summer. Seems Harry Evilsiser of Fallon and Lake Forest has a half-ton army ambulance for sale. He requires a larger vehicle for his needs and will give us a good price on the one he is disposing of. It has four speeds, can carry four persons, is in good mechanical ocndition, has just had a new three way heating system installed, with blower to carry out foul or warm air through the ceiling, has two new new tires, three or four stretchers, red light, siren, good ventilation, set of tools and in addition, Evilsiser will either donate $25 outright to the ambulance drive or will present Tahoe with a $25 first aid kit. It is possible the machine may be brought to Tahoe this week for a thorough inspection and tryout, and with a bit of luck, Tahoe will have he long sought ambulance. Hope it proves just what the doctor ordered—then all we will have to do is pay for it.

Must ring off now for the week and find the sun still shining brightly but a cold wind is blowing at the moment. It's wonderful to hear the birds caroling en masse once more, and to watch the spring flowers pushing up out of the green earth.

Hope this finds you all right in the pink and sitting on top of the world. It's very gratifying to watch our Sierra Sun and see how many returned service men are finding, even making, new business ventures in our midst. Hope they will be given the hearty patronage they richly deserve and may their ventures prosper. Good luck, good health and happy days ahead for you all, and may God be with you always, as ever,

SWANEE

a new-type gasoline
developed by Shell Research

New SHELL PREMIUM

New Shell Premium is a radically new kind of motor fuel! Uses only the higher-efficiency "Power-Heart" of the gasoline. *For the first time* gasoline is freed of the power-reducing elements present in even the finest prewar gasolines!

New "Power-Heart" refining lets your engine get *maximum* efficiency from war-developed fuel boosters. With this new *all-purpose* gasoline you can start your engine in a flash . . . get swift, even pickup . . . drive all day without the whisper of a knock, and get smooth, even power under *all temperature conditions.*

Although Shell Premium costs more to make, it costs *you* no more than other premium gasolines!

SHELL

*Shell X-100 Motor Oil gives premium protection for today's sustained speed driving — like New Shell Premium, it stems from continuous Shell Research*

## Placer County Has Own Air Force of 17 Planes

AUBURN— The formation of a Placer County sheriff's aerial posse, composed of volunteer airplane pilots, was revealed this week by Sheriff E. J. Kenison.

There are 17 members of the posse, all deputized by Sheriff Kenison and each the owner of a private plane which can be used for law enforcement purposes if necessary.

RPM Heavy Duty Motor Oil gets in there and *stays* on those sizzling hot upper cylinder walls. Ordinary oils curl away, leaving hot spots bare—and your motor wide open for a repair bill. Compounded RPM Heavy Duty Motor Oil holds expenses way down . . . gradually cleans out carbon, stops ring-sticking, sludge and corrosion. Stick to RPM Heavy Duty Motor Oil—it sticks to hot spots!

## POWER COMPANY IS LOWERING RATES IN LAKE TAHOE AREA

The Nevada Public Service Commission and the California Railroad Commission have approved reductions in residential and commercial electric rates in the Lake Tahoe area served by the Sierra Pacific Power Company effective May 1, 1946.

**The reduction will save residential customers $9,200 and commercial customers $7,300 annuolly. It will approximate a decrease of 14 per cent for residential and 17 per cent for commercial service.**

This represents the first in a series of electric rate reductions being considered for domestic and commercial customers in all the various areas served by the company in Nevada and California.

A liberalized line extension policy recently approved by both commissions will permit more intensive and wide spread use of electric energy in the company's service area.

## Ski Club Takes Change In By-Laws Under Study

TAHOE CITY— Members of the Lake Tahoe Ski Club held a meeting on Friday evening last in Anderson's Village Store. President Kathleen Starratt, who has been gone for several weeks vacationing and skiing at Utah and Wyoming, returned home on Thursday and presided at the Friday night meeting.

Business of the evening was mainly routine, with motions made and duly passed to pay outstanding bill on hand. A vote of thanks was extended the Shell Oil Company for their donation of 100 gallons of gas for the operation of the upski. Jack Starratt suggested the by-laws be changed to permit election of officers in May rather than October. A committee of Al Henry, Jay Shontz, Bill Bechdolt and Mrs. Douglas Smith were appointed to investigate and report on the matter at the meeting on May 10.

Starratt, Bechdolt, Shontz and Henry will be on the refreshments committee on May 10.

Mr. and Mrs. Howard Fuson and Juanita Reynolds of Sacramento were weekend guests at the home of Mrs. Dorothy Morhain of Tahoe City. Mrs. Reynolds is buyer for Bon Marche milinery shop in the captiol city. Accompanied by Mrs. Morhain, the group enjoyed a trip around the lake on Sunday before returning home.

## Whispering Pines

**Tahoe Lake School Column**
by HAROLD ALMOND

Absent from primary classes during Easter week were Skipper Pingree, Leif Nielsen, Christine Bechdolt, Jim Haney, Duane Pomin, Betty Gates and Lewis Fellows. Absent from the upper grades during the same period were Robert and Roger Hursey, Pat Dempsey, Jeanne Haney, Edward and Everett Sutton, Dorine Quam and Marie Nielsen. Robert was home with a bad cold and Roger is in the same hospital as his father, Otis Hursey, at Permanente. Roger is undergoing a physical checkup and is expected home within the week, as his mother will spend the weekend in the bay region.

On April 24, 25 and 26 Mrs. Martha Burns was in complete charge of all primary and upper classes due to the illness of Mrs. Norma McIntyre.

Students of the Tahoe Lake School are more than delighted to see the snow vanishing from their play grounds and last week football was enjoyed for the first time this season.

Ingenious is the new business venture of young Stanley Martin, Jr. who resides with his parents near the dam and bridge at Tahoe City. Being an observing little man, he noted that tourists were constantly seeking bits of bread with which to feed the beautiful trout who live in the river between the bridge and the dam. So when Stan's grandmother brought him a load of dry bread last week, he proceeded to sell his bread at a cent a slice. Now, the fish are happy, the tourists are happy and Stan is happy.

## South Tahoe County Wins Title to Lake Shore Lots

PLACERVILLE—The setting aside of two blocks of lakeshore at Al Tahoe, Lake Tahoe, as public property was upheld in an opinion filed by Superior Judge Thompson.

Defendants in the action, filed by District Attorney Lyon, were Helen Saxe Sturges, William Wallace and three "Does". The area in controversy is part of a larger piece of public land known as Lakeshore Park in a map filed with the county recorder in 1908. The area was accepted as public property by the board of supervisors March 3, 1909.

Later, parcels, with the exception of two blocks on either side of Al Tahoe pier, were abandoned by the supervisors. The recent action decided the validity of the county's title and threatened encroachment thereon.

## Gregory Plugs Minimum Pay for Placer Pedagogs

ROSEVILLE— Elwyn H. Gergory superintendent of schools in Placer county, declared he has recommended to all school trustees in the county a $2,400 per year minimum be included in the new budgets for salaries for teachers in the county.

The present wage scales are inadequate, Gregory said, and during the fiscal year ending June 30, 1947, an increase in pay of at least 18 per cent is necessary.

Mrs. Ethel Vernon and daughter, Florence, announced this week that they have sold their four room cottage adjoining the Vernon property in Bittencourt Tract to Mr. and Mrs. Clarence "Monty" Bacon of Modesto who have a little daughter, Judy.

Mr. and Mrs. Dyke Moore and children, Shirley and Ned, of Pollock Pines were recent Tahoe visitors.

## TAHOE COUPLE HAS OPEN HOUSE AFTER WEDDING THIS WEEK

TAHOE CITY— Coming as a surprise to their many friends at Tahoe was the marriage in Reno on April 25 of Willie Arnhold and Kathryn V. Stanner. Mr. and Mrs. Edgar Myers of The Hut, Homewood, stood as their witnesses. A gala party was given at the Arnhold home near Chambers on Sunday with about half of Lake Tahoe stopping in to pay their respects. Congratulations and best wishes are extended the latest newlyweds.

Newlyweds who are guests at the Schleuter's Cabins in Tahoe Park are Mr. and Mrs. Paul J. Gravelle of Vallejo. They were married in that city on Saturday last and are spending a week's honeymoon at Tahoe.

## Tahoe Man Fined for Burning on Own Land

O. Bohme, Tahoe Vista, retired businessman at Lake Tahoe, was fined $10 Monday at Tahoe City by Justice of the Peace Evelyn Bliss for burning brush, logs and stumps on his land without a permit and leaving the fires unattended, reports District Ranger H. I. Snider.

He had been previously warned but on Monday Fire Control Assistant Ralph Throop found the fires unattended in a rising wind. He immediately took Bohme to the justice.

Mrs. Dorothy Morhain and three children moved from the Tahoe City telephone office, where she has been cheif operator all winer, into the McFadden home on the lakeshore at Tahoe Park on Tuesday. Mrs. Morhain will continue to work on the local switchboard at nights.

## Tahoe Vista Dining Room Opening Set for May 15

TAHOE CITY— Mrs. Katherine Corona, her son, Capt. Oliver Corona, of Tahoe Park and Mrs. Ray Frazier of Lake Forest have leased the dining room of the Tahoe Vista Resort and plan to open the popular establishment about May 15. The trio were business visitors in Sacramento last Tuesday buying equipment.

The resort owners, George Williams, and Donald Butler will continue to operate the hotel, the lease being only for the dining room and not as previously reported for the entire resort.

**NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES**

April 27, 1946

To Whom It May Concern:

Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Hwy. 89 at Tahoma, Lake Tahoe, Placer County, California.

Pursuant to such intention the undersigned is applying to the the State Board of Equalization for issuance by transfer / on original application of an alcoholic beverage license (or licenses) for these premises as follows:

On Sale Beer and Wine

Anyone desiring to protest the issuance of such license (s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law. The premises are not now licensed for sale of alcoholic beverages.

# Road Problems Conference

H. B. LaForge, engineer of federal secondary roads for the California Division of Highways, informeds the state chamber's highway committe at its meeting in Grass Valley Friday, April 26, that the secondary federal aid program in the majority of northern California counties is progressing satisfactorily.

Hhe state that northern California counties are taking advantage of the opportunity afforded them by the program to develop a coordinated county road system. The importance of all counties building up engineering staffs to handle their individua' road problems was stress by LaForge

Frank J. Rowe, chairman of the Nevada County board of supervisors; Ray J. Kronemeyer, secretary manager of the Grass Valley chamber of commerce; H. F. Sofge, secretary manager of the Nevada City chamber of commerce, and Guerdon Ellis, supervisor of the Tahoe National Forest outlined for the committee highway problems of Nevada County.

The need for improvement of Highway 20 at Rough and Ready and the Bear Valley Grade to eliminate serious traffic hazards was emphasized.

Ellis reviewed the development of forest highways within the area of the Tahoe Forest.

Kronemeyer emphasized the importance of developing roads and trails throughout the forest to make these areas accessible to tourists and sportsmen for recreational purposes

C. H. Whitmore, district engineer of the state highawy department, in response to a question, stated that the design of the proposed railroad underpass at Roseville is virtually completed and that work on this project is progressing.

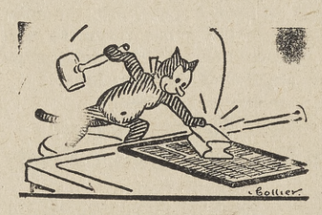
## MY PLACE in the SUN



by DOUG BARRETT

Street Seens: the beardless Smith brothers, Earl and Charlie, promenading of a Sunday afternoon.... Lieut. John Saibini of Boca home to join the ranks of retired naval officers....Jerry Zunino buying dinner at Truckee Meat....Don and Norma Hansen taking turns on the family bike....the Bills Englehart turned carpenters....swallows nesting in the eaves of Riverside Hotel....Sam Goss and Constable Harry Johanson of Tahoe meeting on Commercial Row ....George Andrich and George Zorich making time past the post office ....Nace Firpo's new bottle shop with an eye stopping window display ....The Bank of America with a new gold leaf sign....Maury Pollock displaying an interesting epistle from a lad in the Philippines....Chief R. Snavely making church call, looking very classy in his greys....Jerry Seawell out gathering votes, he deserves 'em.

---

The citizens of Downieville recently surveyed their community and its problems. They had a lighting and a fire district. They need a sanitary district and foresee where they might go on ad infinitum with an confusing web of boards and commissions and still more problems. To avoid this mumbo-jumbo—and you all know what I mean—they are seeking to incorporate their town so that all civic affairs will be administered by a city council responsible regularly to the people. One leading citizen of the Sierra county seat pointed out that it must be a good thing, else why do so many communities incorporate and stay that way? In case the community finds incorporation is against their interests, they may undo the action as rapidly as they did it. However, off all the incorporated cities in California only one disincorporated—and within two years reincorporated with a thumping majority. Truly, there must be something to it and we wish Downieville every success in the world.

Our No. 1 Enemy is cancer because only one person in six developing the disease is recovering. Fifty percent of all cases could be cured if detected early enough and properly treated. This means that at least two persons in every six stricken with cancer di needlessly. Your gift now to fight cancer may protect your home or the one next door from theis terrible malady. Give to the American Cancer Society, their headquarters are at 111 Sutter Street, San Francisco.

## STATE PATROL WILL COOPERATE WITH CAR SAFETY DRIVE

SACRAMENTO— Members of the California Highway Patrol will participate in a nationwide Police Traffic Safety Check, beginning May 15, Chief E. Raymond Cato has announced.

The check covers an inspection of the driver's license and plates and a test of brakes, lights, tires, windshield wipers and horns of all vehicles involved in moving violations. It is sponsored by the International Association of Chiefs of Police and will start simultaneously in all parts of the United States and Canada. It has been timed to follow President Truman's Traffic Safety Conference in Washington, D. C., May 8-10.

Cato, who is California's coordinator for the association in the check, said police departments of at least 90 per cent of the incorporated cities and towns of the state will participate.

The program has the support of Governor Earl Warren and Edgar E. Lampton, director of motor vehicles.

Nationwide support includes more than 100 organizations such as the National Safety Council and the National Committee of Traffic Safety.

The check is an elaboration of the brake testing check conducted by the association a year ago, Cato explained and is designed to focus public attention on the need of having repairs made on cars that have become old and unsafe.

Only vehicles that have been stopped for a moving violation will be checked. Drivers involved will be given warning citations requiring them to have needed repairs made and will be handed educational folders stressing the need of safe driving and keeping vehicles in good repair.

## Nevada County Employees Rate Insurance Reduction

Joseph J. Gallagher, manager of State Compensation Insurance Fund has announced that the County of Nevada and its employees established an excellent safetay record during the year ending February 7,1945. As a result the county has reduced its workmen's compensation insurance costs by 50 per cent of the premium. This saving was in the form of a cash dividend amounting to $770.97.

The attention which was given to accident prevention and the cooperation of county officials has enabled the State Compensation Insurance Fund to effect this saving for the county.

## WARREN BACKED BY ALL GROUPS OPENS FIGHT FOR POSITION

Standing squarely on his record, Governor Earl Warren last week challenged the opposition and listed a score of achievements of his administration as he formally opened his campaign for reelection before more than 1,000 luncheon guests at the San Francisco Palace Hotel.

Introduced by William A. O'Brien, San Francisco campaign chairman, the governor was preceded by C. J. Haggerty, secretary, State Federation of Labor, who hailed the governor as a "friend of labor"; J. Ward Mailliard, Jr., business leader, who lauded the governor on "tax reductions and sound business administration"; Mrs. Bernice Chipman, social service leader; and Irving Martin, Stockton publisher, and Murray Draper, executive heads of the Northern California campaign.

Warren, declaring that the voters have the right to know whether the administration has been hoenst, competent, independent, humane, alert, progressive and forward-looking, said:

"You will find in the record that I have not attempted to give you a 'package deal'. You can be sure of one thing—that I am not running at the insistence or dictation of any one group, political or otherwise, and that whenever I leave the governor's chair I will return it to the people of the state unencumbered."

Pointing to the accomplishments made in the fields of industrial relations, public health, social welfare, youth care, unemployment insurance, sickness and disability benefits, and programs for the aged, the children and the unfortunate, the governor demanded that if issues were to be raised against them, now is the time to speak.

Asking if one of the issues might be improvidence with public funds, the governor said:

"For the first time in history we reduced state taxes to the extent of a quarter of a billion dollars. For the first time also, we made California debt free.

"And while we were doing these things, we started as early as 1943 to get ready for post-war public works so that not only the state but the counties and cities might be ready to catch up with their needed improvements.

"Already we are in the midst of a $115,000,000 state highway construction program, letting contracts as fast as industry can absorb them."

Governor Warren listed the modernization of the state department of public health, the establishment of a department of mental hygiene, the broadening of unemployment insurance, the advancement of the California Youth Authority, the expanded recreational program and many others.

Touching on the veteran problem, he said:

"We are placing the administration of our newly organized Department of Veterans' Affairs in the hands of World War II veterans. We appropriated $7,500,000 to make federal housing available to veterans in cities and $2,000,000 for the same purpose in rural areas. We are already getting some results."

Concluding, the governor stated:

"These and all the other things in the record we have done, not for a state of 7,000,000, as California was four years ago, not for a state of 9,000,000 as it is today, but for a state of 20,000,000 which California will become."

## QUOTES OF THE WEEK

**"He's tall and very handsome and very wonderful."** — *Lana Turner, announcing marriage proposal of radio v.-p.*

**"You can't go on being a fool forever."** — *Barbara Hutton, denying she will marry again.*

**"It was a case of love at first sight."**—*Henry Ford, celebrating 58th wedding anniversary.*

**"Creameries simply cannot afford to make butter at the present ceiling prices."**—*Pres. John Brandt, American Dairy Products Marketing Assn.*

**"OPA ceilings should be put on the production of debt and taken off the production of goods."**—*Pres. Robert R. Wason, National Assn. of Manufacturers.*

**"Poets in America find it hard to make even a living."**—*Edgar Lee Masters, receiving a $5,000 fellowship.*

## May 29 Deadline Date To Get Absent Ballots

Registered voters of Nevada county who desire to vote in the June 4 primary election and who will not be at their polling place that day are urged by County Clerk R. N. McCormack to file immediately for an absent ballot.

To qualify for an absent ballot, a voter must make application to the clerk not later than May 29.

## *California-Facts*

The twon of Emeryville, Alameda County, was incorporated Dec. 8, 1896.

San Francisco has the lowest percentage of tax delinquency of any large American city.

Many California Big Trees have withstood as many as 100 forest fires.

The 12-mile San Mateo-Hayward bridge is the longest highway bridge in the world.

The Russians named Mt. St. Helena after their empress and their favorite saint.

**To Enter Hospital—**
Mrs. Maude Gaffield of the San Francisco Flycasting Club expects to go to San Francisco early next week where she will enter a hospital for a major throat operation. Mrs. Gaffield has been working part time at Lewis' Store during the serious illness of Hazel Lewis.

**Opening Resort—**
Mr. and Mrs. George Kehlet are at their Meek's Bay Resort this week, following a winter at Palm Springs.

**On Terminal Leave—**
Lieut. John Saibini, USN, is at his Boca home on terminal leave for 60 days. He will report back to receive his discharge in June.

## Fire Hazard Growing Acute Says Ranger

Only two tenths of an inch of moisture was received at Truckee during April and the recent warm weather has rapidly melted the snow so that customary summer fire regulations are now in effect, Ranger H. I. Snider states. Previous information has been that debris burning permits are needed, effective April 15, in areas where dry material exists within 100 feet of the burning. It is especially bad practice to set fire to old rotten logs and stumps that hold fire for many days and present a threat to the forest as the vegetation becomes dry.

Burning permits in the Lake Tahoe area of the Tahoe National Forest can be obtained at the lake patrolman's headquraters at Tahoe Public Camp grounds. Other areas where burning is desired in the Truckee district, residents should contact the officers at Truckee Ranger Station for the permits for either burning debris or use of campfires.

**Discharged—**
Steve Cozzi received his discharge from the army at Camp Beale last week and has resumed his place with his brother, Charlie, in Cozzi's Cafe.

**New Bank Employee—**
Laurie Neilson of Sacramento is the latest employee added to the staff of the Bank of America here. Neilson will be here for the summer and will take the place of others on the staff during their vacations.

**Redecorating—**
The interiors of Cozzi's Cafe and Capitol Hall have been redecorated during the last week in preparation for the increased summer business.

**Leaving for Carmel—**
Bruce Grant, who has been living at Soda Springs, has gone to Carmel.

**From Auburn—**
Mrs. A. C. Marts of Auburn is visiting the C. F. Moeckley family.

Mrs. W. F. Wilkie entertained a few friends at a bridge party on Monday evening.
